ABOUT

With a passion for architecture and design, Cheryl attended Missouri State University and graduated Cum Laude with a Bachelor of Science degree in Housing and Interior Design. Over her career she has worked for architects, designers and as a visual merchandiser showing her talent for detail, design and creativity. Cheryl provides design support for the execution of design concepts for all aspects of project work from concept through construction documentation and furnishings installation. She works extensively with manufacturers and reps to provide a cost effective but comprehensive design solution. Cheryl researches the latest trends, materials, finishes, furnishings, products and prepares final specifications as well as formal design presentation for each project. She meets with clients to assess the interior space and conceptualizes the needs of the client as well as works with committees to form a consensus on their design needs. Cheryl has experience in educational, health care, retail, office, civil and residential design.
