

About us:

Hood-Rich Architecture recently surpassed 50 years in business and is one of the longest operating firms in Southwest Missouri. We are located in downtown Springfield, Missouri in the heart of a revitalized center city district. Our team currently consists of nine full-time and two part-time employees. Hood-Rich is proud of our client relationships and the quality of work we do. The firm has evolved through new leadership and is positioned to continue this legacy of excellence. Learn more about us by visiting us at www.hoodrich.com.

Who we need:

Hood-Rich is seeking a project architect that can work with us on a variety of project types. We are looking for someone with at least 3 years of experience. We need someone on our team with a strong understanding of how buildings go together and who can work well with clients and consultants.

Required skills:

1. A graduate from an accredited school of architecture
2. State licensure is not required
3. At least 3 years of project experience
4. Prior experience working in BIM software (ArchiCAD is preferred but not required)
5. Team player with excellent communication and drawing skills
6. Self-motivated and dedicated to project success

Compensation and benefits:

Hood-Rich offers a competitive compensation and benefits package including paid time off, medical insurance, retirement, and continuing education benefits. To apply, send CV to bkimmons@hoodrich.com.

Skills:

Leadership, design, organization, communication, drawing
